

# The Environmental Challenge

## A Competition for University Students

---

*University students, can you solve...*

### The Environmental Challenge

#### A Competition for University Students

Florida Section A&WMA 46<sup>th</sup> Annual Conference  
South Seas Island Resort  
October 4 - 6, 2009  
Captive Island, Florida

#### **OPPORTUNITIES & REWARDS**

- Win cash prizes: \$1,000 will be given away on October 6 to the winning challenge teams
- “Learn the Ropes” of your upcoming professions
- Be recognized and rewarded at the conference
- Network with hundreds of environmental professionals
- Enjoy excellent presentations and other festivities
- Have a lot of FUN!

#### **THE CHALLENGE**

Environmental Challenge teams from Florida universities develop a solution to a real-world environmental problem, develop and submit a short proposal during the month of September and present your findings at the conference.

One week before the conference, your team will be given a “twist” with emerging issues to resolve. With the “twist”, clues will be provided from role-playing conference delegates (twist and the delegates to be announced and posted on-line), and your team must develop a presentation to solve the Environmental Challenge. Judging and awards will be based on the team proposals and presentations. A copy of the presentation grading will be posted with the Challenge.

#### **HOW YOU CAN PARTICIPATE**

Mark your calendar and register for the Florida Section A&WMA Annual Conference. Build a team of 2 – 5 knowledgeable students. Develop a preliminary proposal and presentation in the month prior to the conference.

You can find the Environmental Challenge Problem 2009 including the “twist” and the delegates after August 1, 2009 at:

[www.flawma.com](http://www.flawma.com)
